Leetcode : [leetcode.com/u/KaifNazir/](https://leetcode.com/u/KaifNazir/)

## PROJECTS

### SafeX Bank

- **Tech Stack** : Java, JavaFX, CSS, MySQL
- **GitHub** : [github.com/Kaif-Nazir/SafexBank](https://github.com/Kaif-Nazir/SafexBank)
- **YouTube** : [youtu.be/g1NhPnBkRac](https://youtu.be/g1NhPnBkRac)
- A **video preview** of the project is available on both the [GitHub repository](#) and YouTube for demonstration purposes.
- Built a feature-rich **banking application** using **JavaFX** with a clean **MVVM architecture**.
- Enabled secure **money transfers** between:
  - One **Client** to other **Clients**
  - **Checking** to **Savings** Accounts, and vice versa
- Developed a comprehensive **Profile Section** to:
  - View all client details (Name, Account Balance, Account Id, etc.)
  - **Delete customer accounts** with confirmation and safety prompts
- Implemented dynamic **account listing and transaction summaries** with **real-time balance validation** and **transaction alerts**
- Ensured clean user experience with modular structure and **object-oriented practices**.
- Designed a responsive UI using JavaFX with components like Label, Text-Field, Button, and Alert-Dialog.

### K-Direct

- **Tech Stack** : Java , JavaFX , CSS , Java-Sockets
- **GitHub** : [github.com/Kaif-Nazir/K-Direct](https://github.com/Kaif-Nazir/K-Direct)
- **YouTube** : <https://youtu.be/pWCBKj11iqs>
- A **video preview** of the project is available on both the [GitHub repository](#) and YouTube for demonstration purposes.
- Developed a **real-time messaging** application using **Java Sockets**, enabling seamless **bidirectional** communication between client and server.
- Integrated automatic **text wrapping** for messages, ensuring clean and readable communication in the chat window.
- Added a **reset** functionality that allows users to clear the chat history with a simple click of a button, enhancing user control and experience.

## Competitive Profile

- **LeetCode Profile** - [leetcode.com/u/KaifNazir/](https://leetcode.com/u/KaifNazir/)

## Skills Summary

- **Languages:** Java, HTML, CSS
- **Frameworks:** JavaFX, Spring Boot
- **Databases:** MySQL
- **Tools & Tech:** Git, VS Code, IntelliJ, Socket Programming
- **Certificates:** View all Certifications [[Drive Link](#)]

## Education

- **Jai Narain College of Technology, Bhopal – B.Tech in Computer Science**

*Affiliated to RGPV | CGPA: 7.5 | Graduation Expected: 2026*
